

Welcome to Kingston, the southern gateway to Central Otago where both fruit and golf are plentiful. The Kingston Golf Club has been the place where both locals and visitors have played a round for 50 years and counting. Our beautiful nine hole course is surrounded by stunning scenery of both the Eyre and Hector mountain ranges and capped off by lake Wakatipu. Comfortably nestled in among ancient poplars, larch, pine and oak trees the course features small creeks and large pine boundaries that are more than happy to receive balls from wayward shots, which, in many cases are relatively close to the greens.
