The Shotover 4WD Club is based in Queenstown, the home of New Zealand’s most spectacular scenery. We generally hold a couple of runs each month. Our trips can vary from easy family-friendly runs over gentle back country roads to tougher off road trips for more experienced drivers.

If you are new to the Queenstown region, the Shotover 4WD Club is a great way to meet new friends and explore the amazing back country in our area. We have a variety of places to go in the wider Otago area; we even do runs in the West Coast and Southland areas.
