

EDUCATION.govt.nz

Learning support refers to the additional support some children and young people need to engage and achieve in education. The Learning Support service delivery model is about improving the education system for children and students who need additional learning support. The Inclusive Education website has teaching strategies for supporting children and students with learning support needs. Learning support is available in your local early childhood centre or school. It is provided to support students, educators families and whānau in a range of different ways.
